

SPORTS PREMIUM 2014/2015

P.E. IN SCHOOLS

This year the Government has provided extra money for schools to improve the provision of PE in school. We are using the extra money (£8700 over 2 years) to:

- Improve the quality of the P.E. lessons delivered
- To help staff's CPD
- Increase participation in sport
- Increase competition opportunities- inter school and intra school competitions

Sports Funding

Sports Funding allocation for 2014/2015 = £8,700

The allocation of the funding received for Sport is aimed at activities and resources that are most likely to have the greatest impact on improving the lifestyles of all our pupils.

We feel sport is beneficial because it encourages children to be active, lead healthy lifestyles, make friends and have fun. It also helps to develop confidence and a sense of achievement.

How we have used the funding-this is an interactive document and will be updated regularly
