

Knowsley Council

Dear Parent,

ROAD SAFETY – YEAR 6

Road traffic is one of the greatest threats to the lives of young children.

To try and help improve your child's road safety skills, Knowsley's Road Safety Team has joined forces with St Aidan's Primary School to provide a road safety session for the year 6 class on **Monday 24th May 2021**.

The session will include carrying out surveys at the roadside. During this activity the children will be provided with high visibility garments and be supervised at all times by school staff and the Road Safety Team.

If you would like your child to benefit from this session, please complete the consent form below and return it to your child's class teacher.

Yours faithfully

Annette Brannan
Road Safety Advisor
