

AN EASTER GARDEN.

What is an Easter Garden.

Every year in our churches an Easter Garden is made to remind us of all Jesus suffered and how he rose from the dead on Easter Sunday.

This year since we will not be in church we thought you could make your own little garden at home.

What is in an Easter Garden?

A rock or container representing Jesus tomb.

A cross symbolising Jesus' crucifixion.

A white cloth (or tissue) draped over the cross representing the cloth Jesus was buried in.

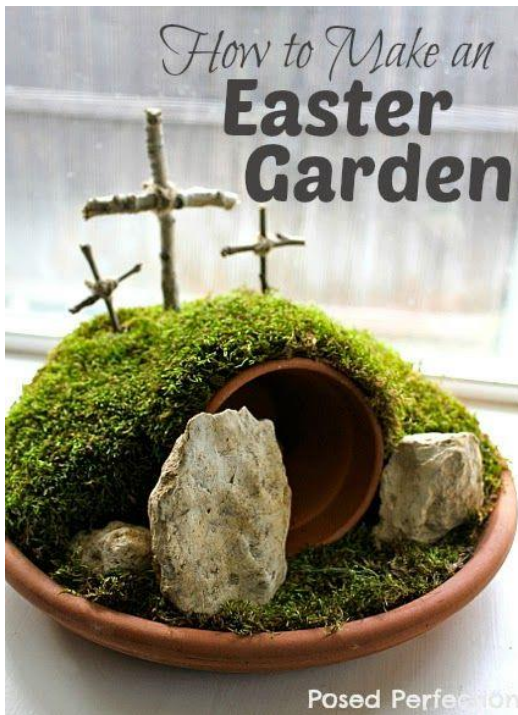

Grass for the garden.

Flowers to represent New Life in the Resurrection.

Water can also be added to represent New Life linked to the Holy Water of our Baptism.

Sometimes we also add bunnies, lambs and chicks representing New Life.

MAKE IT YOUR OWN WITH YOUR CREATIVE IDEAS.

Take pictures of your garden and post them on TWITTER and bring into school if you would like to when we are back.
