

## PE Development Plan 2021/22

| Main Areas of Development   | Reason/Evidence  |
|---|--|
| Increase opportunities for children to represent the school in school sports competitions/fixtures. | Feedback from pupil voice and sports crew members throughout the school indicated that more want to represent the school in competitions/fixtures.   |
| Increase activity levels through extracurricular activities.  | Feedback from pupil voice and sports crew members highlighted that last year due to covid there was very limited extracurricular clubs and that they wanted some to participate in.<br>Sport England have published documents recently with evidence that childrens activity levels have decreased and are too low, which is what this goal is trying to combat. |
| Increase sports competitions within school.   | To provide all pupils with the opportunity to engage in school sport and represent their school house teams. Meet government/curriculum guidelines.  |

## PE Development Plan 2021/22

| <b>Overall target</b>     |   | <b>Increase opportunities for children to represent the school in school sports competitions/fixtures.</b>  |                    |   |                   |   |                                      |                                   |                                  |
